

DARA BIRNBAUM

ANTHOLOGY FILM ARCHIVES

SATURDAY 14 NOV-2PM 80 WOOSTER STREET NYC NY

The family living in the Carlisle house will be well aware of the photovoltaic system; they'll know it's in their interest to run appliances when the sun is shining.

"The hardware is here, the concepts are here; they're perfected, they work," says Strong. "The last barrier is cost." He believes that the cost goals of the program will be met "given a mass-production market. The problem is mainly over-opportunity."
